

private industry in outer space. Additionally, this bill abolishes the Commercial Remote Sensing Regulatory Affairs Office of the National Oceanic and Atmospheric Administration and establishes the Advisory Committee on Commercial Remote Sensing to advise U.S. commercial space-based remote sensing industries.

I believe that protecting our environment and natural habitats is critical, and outer space is no exception. As we venture further into the cosmos, making sure that the U.S. creates legislation to limit our space debris should be a priority for Congress. We are already facing the consequences of pollution on our planet and we must do better in this new frontier than we have done on earth. This legislation will provide the proper support and oversight that the space industrialization will need to ensure we are exploring the universe responsibly. We must build a solid framework for future space activities in order to create a proper path for exploration.

GENOCIDE PREVENTION AND AWARENESS MONTH

HON. LINDA T. SÁNCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 25, 2018

Ms. SÁNCHEZ. Mr. Speaker, I rise today during Genocide Prevention and Awareness Month to honor and remember the countless lives lost in unforgiveable genocides and tragedies across the world.

Just yesterday we commemorated the 103rd anniversary of the Armenian Genocide, and earlier this month we recognized Holocaust Remembrance Day. While these are somber occasions marking some of the darkest times in our world's history, we must commemorate them because we cannot allow the world to forget what happened.

Millions have died and suffered at the hand of cruelty and injustice. I am deeply saddened that today there are still those who refuse to acknowledge the Armenian Genocide and the atrocities that occurred in 1915. Their denial is disrespectful to the 1.5 million Armenian—men, women and children—who died and the millions more who risked their lives to escape the violence.

We can't undo what happened. But we must learn from history and make sure this never happens again. This month we honor those who had their lives stolen at the hands of evil and hate. We can do better, and we must do better.

IN RECOGNITION OF EASTHAMPTON HIGH SCHOOL'S 'WE THE PEOPLE' TEAM

HON. RICHARD E. NEAL

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 25, 2018

Mr. NEAL. Mr. Speaker, I would like to take this opportunity to recognize the students and advisors of Easthampton High School's 'We The People' team for their hard work, dedication, and outstanding achievement. These individuals prevailed over a number of highly skilled competitors to earn first-place honors in the 2018 Massachusetts 'We The People' academic contest at the Edward M. Kennedy Institute for the U.S. Senate in Boston. They have accordingly earned the distinction of representing the Commonwealth in the national 'We The People' competition this week in Washington, DC.

The annual 'We The People' competition is an extraordinary opportunity that brings young minds together to discuss and learn about issues of vital importance to today's world and our nation. Not only did the students of Easthampton High School's team display exemplary commitment, ability, and character in preparing for and winning the statewide competition in January, but since then they have worked even harder as they eagerly anticipate competing in the national competition. They have been preparing to testify at mock congressional hearings and demonstrate their knowledge of the U.S. Constitution, issue statements on a variety of topics related to our country's political and historical heritage, and field complex questions from a number of expert judges. I am confident that they will find their experience valuable for years to come—whether that be as a result of the fundamental knowledge that they have learned or the vital skills that they have built.

The students have been led by their teacher Kelley Brown who has provided crucial guidance and instrumental mentorship. The outstanding work performed by her class is a testament to the value of quality teachers in the Massachusetts public school system. The victorious students include Charlotte Banigan-White, Tierney Boyle, Ryan-James Bragg, David Brakey, Vincent Catalano, Aidan Chappuis, Carly Detmers, Victoria Drejsa, Chantel Duda, Shane Gravel, Kristin Hartley, Quinn LaFountain, Ambra Mutevelic, Shane O'Donnell, Devon Owens-Heywood, Lucas Patton, David Hunter Pelkey, Carlie Raucher, Nicolas Soucy, Fernando Tenesaca, and Dillan Wilson. Additional advisors of the team include Timothy Wood, Stephen Linsky, Nancy Sykes, and Anuraj Shah.

Mr. Speaker, in closing, I would like to once again acknowledge Easthampton High School's 'We The People' academic team for their superb dedication and accomplishments. Strong civic education is the foundation of our democracy and these inspiring students have exemplified the finest qualities of informed citizenship. I am proud of this group and I wish them all the best in their upcoming national competition as well as all their other future endeavors.
